

2023 FALL & WINTER

Global Internship Program

Program Overview

The Goal of the Program

With an increasingly competitive global job market, employers are now looking for students with international work experience, and this is where KNU can help. KNU offers international students the chance to integrate a part-time/full-time internship during the exchange semester.

Types of Internship

Type A (Fall)	12 hours per week (Part-time), September to December 2023
Type B (Winter)	40 hours per week (Full-time), January to February 2024

*Each company provides different types of internship.

*Working hours are subject to change

Internship Logistics

The Global Internship is unpaid. Internship participants will be given financial support in the form of transport and meal allowances.

Credit Options

Credits are unavailable for participation in the Global Internship. However, KNU will issue the Global Internship Certificate for those who complete the program. If you require internship credits, you must contact your mobility advisor at your home university and check if academic credits can be awarded by submitting an internship certificate issued by KNU.

To receive an internship certificate, you must fulfill the requirements: 1) Submit an evidence-based internship portfolio, and 2) Receive a 'satisfactory' result from the internship supervisor evaluation. Further instructions will be provided to those who pass the interview.

Things to Know

- KNU only acts as an intermediary between local companies/institutions and international students. Applying for the Global Internship does not guarantee your internship placement.
- It is possible to do a semester internship and then continue a full-time internship for the winter break at the same company depending on the company's demand.
- Students studying for a Master's Degree can apply for the Global Internship.

Application Processes

Application

In order to apply for the Global Internship program, applicants must submit the following via email to sabroad@knu.ac.kr by **August 25th, 2023**.

- KNU Global Internship Program Application
- Resume (of free format)

Your resume should contain the following information: address, e-mail address, education, GPA, job experience, skills (including special certificates), and interests.

List of Companies

A faint, light pink watermark of the KNU logo is centered behind the title. The logo features a circular emblem with a stylized building and three stars, surrounded by a decorative floral border.

Kyungpook National University Museum

Since its establishment in 1959, the Kyungpook National University Museum has played a central role as a cultural hub for the Daegu and Gyeongbuk regions through artifact collection, preservation, exhibition, and research. Recently, the museum has strengthened its role in social education and exhibition functions by offering cultural lectures, cultural heritage expeditions, and special exhibitions.
