2. If any required documents are found to be false or counterfeit, your application will be canceled.
3. Notices related to the admissions process will be sent to the applicant's email address entered on the Application Form, so applicants should check their email frequently after submitting their application. The Office of International Affairs is not responsible for application cancellation due to incorrect contact information (email, phone number, etc.), or due to not checking emails.
4. If an applicant's visa is not issued, or is rejected, then their admission will be canceled.
5. Applicants receiving a scholarship of more than 16,000,000 Korean won from another institution are not required to submit a Certificate of Financial Guarantee; however, they must submit a Certificate/Letter of Confirmation from the institution that will pay their tuition during their period of study at KNU.
6. No submitted documents will be returned to the applicant. (Note: Original documents will be returned after the screening process is completed.)
7. If applicants do not have sufficient academic ability, they may not be selected.
8. According to the regulations for Recognition of Graduation Qualification at KNU, international undergraduate students (excluding transfer students) who are enrolled at KNU must have a "TOPIK" certificate for Level 4 or higher before graduation.
